Dear Mr. Emberey,

When Tony Dix and Doug Robertson were in Hong Kong a week or so ago I disguised the current restricted membership problem of our Branch, known as "Sai Wan Sub-Aqua Club, BS-AC Special Branch No. 837." It was hoped that the problem may be resolved by just simply changing the club venue, thus overcoming the campus security problems, but, as was feared, this has not been possible. sw.!

In view of the fact that at the AGM, on 10th May 1979, the Diving Club failed to elect a committee with at least four full members of the parent club, the Sai Wan Sports and Social Association, which is a requirement of the SWSAC's Constitution, there was no alternative but to dissolve.

The former members wish to continue meeting and diving together so, at their request, a working party has submitted a proposal to the Hong Kong Registrar of Societies that a new club be formed known as the "South China Diving Club". It is also the wish of the former members that the new club be registered as a "Branch" of The British Sub-Aqua Club.

I have been advised by Tony Dix that you require the names, signatures and membership numbers of eight members who wish to transfer. This list is enclosed.

Initially the key committee posts will be as follows:-

CHAIRMAN	-	Keith Trevallion
SECRETARY	-	Nigel Wilson
TRESURER	-	Alison Morgan
DIVING OFFICER	-	Ralph Wright

This ofcourse may not be the situation after the Club's first general meeting. In the meantime I would be grateful if correspondence could be directed to my address, as shown above.

Should you be able to give us any additional advice I'd be grateful. I trust that I have armed you with sufficient information for our request to be favourably actioned and I look forward to a speedy reply.

Yours sincerely,

Ralph Wright.
